

Welding and Power Cable:
Welding Gas and related Hose:

Pricing Effective:
 01/1/10

Welding Cable Options:

Part Number	Welding Cable	Wt. # Per Foot	1st Foot*	Added Feet Per Foot
002	#2	0.263	\$4.00	\$2.480
001	#1	0.344	4.00	\$3.170
010	1/0	0.424	4.00	\$3.941
020	2/0	0.512	5.00	\$4.710
030	3/0	0.634	6.00	\$6.150

Power Supply Cable Options:

Part Number	Power Cable	Wt. # Per Foot	Handling & Hardware	Added Feet Per Foot
123	12/3	0.256	\$3.00	\$1.607
103	10/3	0.310	4.00	2.197
083	8/3	0.374	5.00	2.899

Single and Twin Line Hose Pricing

Part #	Descriptions	Wt. #'s per foot	Handling & Hardware	Per Foot
138	3/8" Air/Water Hose	0.180	\$5.00	\$0.571
112	1/2" Air/Water Hose	0.240	\$5.00	0.725
214R	1/4" Twin, Grade R, Welding Gases Hose	0.220	\$8.00	0.791
214T	1/4" Twin, Grade T, Welding Gases Hose	0.220	\$8.00	0.967
238T	3/8" Twin, Grade T, Welding Gases Hose	0.320	\$10.00	2.264

Hose or cable is sold separately or with any reel.

To determine the price of a length of cable or hose:

- Determine the price of the first foot (note this covers fittings, cutting and handling costs)
- Determine the per foot price and multiply it by the length desired and add #1, the first foot cost.

Examples:	Feet	Per ft.	H & H Add on	Total
150 feet of Twin 1/4 R Grade hose >	150	0.791	118.68	126.68
150 feet of 1/0 Welding Cable >	100	3.94	394.13	398.13

How to price a Reel with Hose or Cable:

Example: The price of a 1225 Hand rewind STR with 150 feet of 1/4R hose would be:

1225-0 Welding Hose Reel:	Reel	Add Hose	Reel with hose	Model #:	1225-214R-150
	\$516	\$126.68	\$642.68		

Example: A 1430, 300 Amp Welding Cable Reel with 150 feet of 1/0 Cable would be:

1430-0 Welding Cable Reel:	Reel	Add Cable	Reel with Cable	Model #:	1430-010-150
	\$635	\$398.13	\$1,033.13
